AWARDS & ACCREDITATIONS

Inspected and rated

Outstanding ★

Thank you for your interest in the Preceptorship Staff Nurse position at Pendleside Hospice. We hope you find all the information you need in this pack to help you decide if you are the right person for this inspiring role.

Pendleside Hospice was founded as a charity in 1988 and is one of the principal providers of palliative and end of life care services to adults in Burnley and Pendle. Pendleside is widely known throughout the area of Burnley and Pendle and is held in deep affection by the local community. It is truly a privilege to work here.

All our care is free of charge to the patients and their families/carers but, of course, it isn't free to provide and most of it is funded through the generosity of the local community in which we serve. This financial year it is expected that Pendleside's running costs will exceed £6.5 million and less than 20% of those costs will come from government funding.

We have an opportunity for a Registered Nurse to join our Inpatient day team. You will be able to demonstrate clinical excellence and maintain consistently high standards of individualised care, compassion and bereavement support. Our aim is to make living with dying better for patients and their families and as a registered nurse you will be there for people in their time of need. If you are enthusiastic and have a passion for palliative care you may be the person we are looking for.

The role available is for 32 hours worked over 4 days. Flexibility will be essential to apply your skills, along with positivity and enthusiasm, you will have the communication and interpersonal skills that enable you to thrive in a friendly working environment.

At Pendleside Hospice, you will find a fantastic team spirit and a commitment to developing you and your skills so that you can choose a long term career with us.

*****Applications from newly qualified nurses only please*****

This appointment is a crucial one for the Hospice and we want to be sure of finding the right person. However, we recognise it is probably also a big step for you so if you wish to know more, we warmly welcome you to arrange an informal visit to the Hospice. You can do that by emailing alison.sutcliffe@pendleside.org.uk.

Thank you,

Alison Sutcliffe

Inpatient unit and Hospice at Home Manager

About Us

Our Mission

Pendleside Hospice exists to enhance the quality of life for people living in our community with advancing long term and life limiting illnesses, through to end of life and in bereavement.

Our Vision

Every adult with advancing long term and life limiting illnesses, and those most important to them,

Staff Nurse Inpatient Unit

within our community, will receive timely and equitable access to high quality services, delivered by appropriately trained staff and volunteers.

Philosophy of Care

Pendleside endeavours to promote and enhance quality of life for people with advancing long term and life limiting illnesses and those important to them. It does this by delivering specialist and holistic palliative and end of life care, which addresses each person's individually assessed physical, psychological, social and spiritual needs.

Our care is planned and continually monitored to ensure appropriateness as needs may change. Effective communication with the people we serve is fundamental to our relationship with them. Their confidentiality, privacy, dignity and choice are respected at all times.

Our multi-disciplinary approach facilitates integrated support in our inpatient, outpatient, day service, community and family support services.

Care is underpinned by relevant research, best practice guidance and professional codes of practice.

Our Aim

To provide the highest quality services possible to our local community, which are easily accessible to all who need them.

We achieve this through the five pillars of Pendleside:

- **Proud to be Pendleside:** our people identify Pendleside as a good place to work/volunteer and we are the health care organisation of choice to work/volunteer for
- **Community collaboration:** to build a compassionate community involving, influencing and working in partnership with all stakeholders to enhance palliative and end of life care
- **Care delivery:** to reach out to as many people as possible who need our care
- **Governance:** the Hospice meets its regulatory requirements and manages risk effectively
- **Sustainability:** services are sustainable in the changing external environment

Our Values

Our values underpin everything that we do:

Care

We ensure a professional standard of high quality care provision delivered with kindness, dignity and respect.

Compassion

Staff Nurse Inpatient Unit

We ensure that a compassionate and a non-judgemental approach remains central to the delivery of our services.

Support

We ensure that people are listened to, their contribution valued and that necessary support is provided according to each individual need.

Our People

Pendleside is governed by a Trustee Board that takes overall responsibility for its work, and managed by a Senior Management Team.

The Board of Trustees is made up of volunteers with particular skills and expertise in a variety of fields and led by a Chairman.

The Senior Management Team is led by the Chief Executive and has four other members with specific responsibilities including this role.

Pendleside currently has 130 employees across the organisation, which equates to approximately 90 whole time equivalent (WTE). In addition, we have several staff work under a practising privileges agreement and the Hospice has a Bank of Registered Nurses and Healthcare Assistants.

Volunteers are an integral part of the Hospice Team with over 600 active volunteers, each one playing an invaluable role within either the Hospice and/or our local community.

Our Services

Pendleside cares for over 1500 people each year, across a number of services, including:

- Inpatient Unit
- Hospice at Home

Staff Nurse Inpatient Unit

- Health, Wellbeing and Rehabilitation
- Outpatients
- Family & Bereavement Support
- Spiritual Care and Psychological Support
- Complementary Therapy
- Meals on Wheels

Clinical services are available to adults, 18 years and over. In exceptional circumstances patients between the age of 17 and 18 will be allowed to access Hospice services. This will be assessed on an individual basis and only agreed when access to external children's services is not appropriate. The Family Support and Bereavement service provide support to children, adolescents and adults.

Services are supported by Pendleside's Catering and Domestic, Maintenance, Finance and Administration, Fundraising and Retail teams.

Description of Hospice Services

- **Inpatient Unit** – Pendleside Hospice has a 10-bed inpatient unit for the short-term assessment of patients for symptom management, end of life care and rehabilitative for those with palliative care needs. The IPU provides care for patients residing in Burnley, Pendle and Rossendale.
- **Hospice at Home** – The service is one of the largest Hospice at Home services in the NW region, with a caseload of c. 120 patients and approx. 600 referrals per year. The team consists of specially trained Registered nurses and Health Care Assistants who provide palliative and end of life care to patients residing in Burnley and Pendle localities. Services include specialist Nursing assessment, emotional support, respite care, night sits and extended service (24hr care for patients in the last days of life who's preferred place of care is home). The H@H service is also the single point of access for the co-ordination of District Nurse fast track applications and co-ordination of Marie Curie and domiciliary care night sits.
- **Health, Wellbeing and Rehabilitation** – The multidisciplinary team provides support to patients with palliative and rehabilitative needs. Services are offered either within the community, as an outpatient or by attending group sessions within the Day Services unit. Groups include Living with Dementia, Breathlessness, Fatigue Management, Exercise sessions, creative therapies, peer support, specialist palliative sessions. Complementary Therapy treatments are also available for patients and their carers.
- **Family Support & Bereavement** – The Family Support team provide pre and post bereavement counselling to adults and Children residing in the Burnley and Pendle localities. Sessions are either individual or through specialist groups.
- **Consultant-led Medical Outpatient Clinics** – these are currently delivered twice a week by Palliative Care Consultants employed by East Lancashire Hospitals Trust

JOB DESCRIPTION

JOB TITLE: Registered Nurse (RN) without palliative care qualification

REPORTS TO: Inpatient Unit Manager

ACCOUNTABLE TO: Inpatient Team Leader

REPORTED TO BY: Healthcare Assistants and Apprentices

MAIN RESPONSIBILITIES:

- Provide a high standard of holistic, skilled, patient-centred, palliative care to all patients.
- Support and supervise the work of health care assistants, apprentices, students and volunteers
- To support and contribute to an environment of continuous quality improvement and learning
- To act as shift lead when required

CORE TASKS

Clinical

- Ensure uniformity of the quality of nursing care across the service
- Provide competent clinical care in areas such as tracheostomy, percutaneous endoscopic gastrostomy (PEG), venepuncture, cannulation, catheterisation, administration of subcutaneous and intravenous therapies and verification of death, where competence has been proven and verified
- To lead the process of admission ensuring all relevant patient records are completed within the agreed timeframes and according to statutory requirements
- Along with other staff to identify and assess physical, psychosocial and spiritual needs of patients and their families/carers
- To lead the planning delivery and evaluation of evidence based nursing care for patients and their families in collaboration with other members of the multi disciplinary team
- To lead the discharge planning, including the completion of continuing care checklist and fast track documentation, to ensure patient transfers are timely and coordinated
- To oversee and support the bereavement process
- To ensure that all clinical policies, procedures and guidelines are adhered to
- Ensure medicines are managed in accordance with all internal policies, procedures and standard operating procedures and the misuse of drugs act 1971
- To ensure that patient documentation is completed accurately and fully in line with the NMC guidance on documentation

Management and Leadership

- Be aware of and adhere to the Hospice policies and procedures and act at all times with the NMC standards, Code of Conduct and guidelines
- Manage and maintain a safe clinical environment utilising allocated resources safely and effectively
- Lead and co-ordinate shifts as required
- To provide support and direction to volunteers
- To undertake appraisal, one to one's and competency assessments of health care assistants and apprentices
- To participate in and support the development of organisational and departmental objectives

Staff Nurse Inpatient Unit

- Commit to attendance at team meetings, contributing positively and constructively

Communication Skills

- Contribute to the daily handover and admission meetings giving clear concise reports of patient progress
- Foster good working relationships with all Hospice departments and members of the multidisciplinary team
- Communicate effectively with patients and families ensuring they contribute and consent to treatment and care plans
- Communicate information to distressed and/or bereaved people in a sensitive manner
- Manage situations where people are distressed or angry in an effective, safe manner
- Be able to communicate effectively with people exhibiting challenging behaviours, ensuring they are respected but expectations are made as clear as possible
- Have excellent telephone communication skills, taking calls from patients, carers and professionals managing their concerns effectively and sensitively
- Manage complaints in a sensitive manner ensuring that the Hospice policy and procedure is adhered to
- Advocate for service users ensuring their views are known to the team including supporting advance care planning discussions and documentation

Personal and People Development

- Ensure that NMC requirements for nurse revalidation are fulfilled and revalidation takes place within required timeframe
- Complete a post graduate accredited palliative/end of life care training module
- Develop and maintain relevant knowledge and skills and be responsible for own continuing professional development
- Attend mandatory training and any other essential training relevant to the job role
- Provide mentor support to new staff, apprentices, students and volunteers
- To identify and participate in the development of teaching and educational programmes
- To participate in one to one supervision with own line manager

Quality and Service Improvement

- Be aware of organisational strategic direction and future issues pertaining to the provision of specialist palliative and supportive care, and contribute to and participate in organisational service development
- Contribute to the identification of practices that could improve service delivery outcomes and participate in the development of appropriate action plans through:
 - audit
 - research
 - evaluation
 - education/training
 - user involvement
- Participate in the implementation and review of subsequent action plans
- Take an active role in unit meetings, highlighting areas requiring quality improvement
- Use and maintain resources efficiently and effectively and encourage others to do so

Health, Safety and Security

- Identify risks as they arise and carry out risk assessments, taking immediate remedial action as required and updating risk assessments regularly
- Adhere to the adverse event and serious incident reporting policy and take appropriate action

Staff Nurse Inpatient Unit

- Be familiar with and support implementation of safeguarding policies, the Mental Capacity Act and Deprivation of Liberty Safeguards
- Promote an environment that supports infection prevention and control policies and procedures, ensuring staff practice accordingly
- Use equipment safely and in accordance with instructions and departmental procedures, reporting faults as necessary
- In the absence of or in consultation with senior nursing staff, ensure that the off-duty rota meets the requirements of safe staffing risk assessment for the department

Governance

- Ensure that Hospice policies, procedures and standards are adhered to at all times with particular regard to those concerning confidentiality, information governance, health and safety, prevention and control infection and medicines management
- Ensure the effective utilisation of the Hospice's computer based patient record system, promoting the use of information technology for recording patient information, communication and information sharing; implementing procedural change as necessary
- Ensure that the department is compliant with the requirements of the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014 and contribute to the Care Quality Commission inspection process
- Contribute to effective outcome monitoring of service delivery in line with the above regulation

This document is intended to convey an outline of the post and the post-holders responsibilities. You may be asked to carry out other duties relevant to your job role.
