

Meals on Wheels Driver & Welfare Volunteer

Pendleside Hospice is one of the principal providers of palliative and end of life care services to adults in Burnley and Pendle and is held in deep affection by the local community. All our care is free of charge to our patients and their families and carers but, of course, it isn't free to provide and most of it is funded through the generosity of the local community in which we serve. In the current year, it will cost over £5.5 million to run Pendleside Hospice, of which over £4.7 million will need to be raised through voluntary donations.

In response to the recent COVID pandemic, Pendleside Hospice created a meals on wheels welfare service which proved so valuable to the local people it is now an essential part of our community support.
